

Week	Course	Module	Lecturer for 2023/24	Affiliation
1	Population challenges	Population, Economic Development, and the Environment	Tommy Bengtsson	Lund University
2	Population challenges	Measuring the Social Inequality	Bernhard Binder-Hammer	VID
3	Population challenges	Population Aging - a Threat to the Welfare State	Carole Bonnet	INED
1	Formal Demography	Introduction to Population Models	Michel Guillot	INED
2	Formal Demography	Decomposition Techniques	José Manuel Aburto	CPop
4	Formal Demography	Alternative Measures	Vladimir Canudas-Romo	ANU
4	Formal Demography	The Demography of Kinship	Diego Alburez-Gutierrez	MPIDR
1	Population Data Science	Dealing with Data	Tim Riffe	Ikerbasque, Basque Foundation for Science
2	Population Data Science	Digital Demography: Analyzing Web and Social Media Data	Tom Theile	MPIDR
3	Population Data Science	Demographic Estimation with Deficient and Limited Data	Bruno Masquelier & Bruno Schoumaker	UC Louvain
4	Population Data Science	Using Environmental Data from Remote Sensing in Demographic Analysis	Valérie Golaz & Ankit Sikarwar	INED
5	Population Data Science	Qualitative Research in Demography	Hinke Haisa, Billie de Haas, and Stephen Adaawen	University of Gröningen
1	Simulation and Forecasting	Agent-Based Modeling and Simulation	Frans Willekens	NIDI
2	Simulation and Forecasting	Mortality Disturbances: Age-Period-Cohort Modeling and Visualization	Enrique Acosta	CED
3	Simulation and Forecasting	Population Projections	Marilia Nepomuceno	MPIDR
4	Simulation and Forecasting	Demographic Forecasting	Ugo Filippo Basellini	MPIDR
1	Statistical Demography	Multilevel Methods	Arno Müller & Arnaud Bringé	INED
2	Statistical Demography	Event History Analysis I	Jutta Gampe	MPIDR
3	Statistical Demography	Event History Analysis II	Carlo G. Camarda	INED
4	Statistical Demography	Event History Analysis III	Carlo G. Camarda	INED
5	Statistical Demography	Causation	Marion Leturcq	INED
6	Statistical Demography	Sequence Analysis	Nicola Barban	University of Bologna
1	Demographic Theories	Fertility & Family I	Brienna Perrelli-Harris	University of Southampton
2	Demographic Theories	Fertility & Family II	Daniele Vignoli	University of Florence
3	Demographic Theories	Mortality I	Sergi Trias-Llimos	CED
4	Demographic Theories	Mortality II	Cosmo Strozza	CPop
5	Demographic Theories	Migration I	Clara Mulder	University of Gröningen
6	Demographic Theories	Migration II	Elena Ambrosetti	University of Rome, La Sapienza
7	Demographic Theories	Historical Demography	Lionel Kesztenbaum	INED
8	Demographic Theories	Lifecourse and Inequality	Diederik Boertien	CED
